

Customise your business fleet with ease!

We know how important showcasing branding on your vehicle is, so why wouldn't you consider the inside of the vehicle to be another branding opportunity?

By customising your seat covers with your business logo, you will ensure your customers, clients and staff get the full brand experience from the inside out.

Along with the added advantage and bonus of advertising your brand, your seat covers will be protecting your seats from dirt, grime, stains and wear and tear. Your seats will be in brand new condition when you come to sell or trade your vehicle, ensuring maximum return on your investments.

All of our seat covers are made in Australia and customised to suit the shape and size of your vehicle. No matter the industry, we will have a solution for you!

Seat cover features:

- Available for 4x4s, SUVs, light commercial, trucks, tractors, and heavy equipment
- Heavy Duty Canvas & Denim Options
- Available in a range of colours - Charcoal Grey, Black and Brown
- Covers come with a 3 year warranty against material or manufacturing defect

Black Canvas

Custom-fit and tailor-made to fit your vehicle seats

What other businesses are saying about our seat covers...

“

We use Stallion Canvas Seat Covers, they sell a great product. The seat covers are very well made and last a long time. Their service is outstanding, very fast delivery after an order is placed. I highly recommend them.

Universal Cranes

“

Love Stallion seat covers. Always fast, reliable and made to fit, a pleasure to do business with.

Ford Civil

“

Retro Traffic have been using Stallion Canvas Seat Covers for the past 3 years. Their product and customer service has been excellent. Stallion Canvas Seat Covers are of the highest quality and the customised embroidery just adds that special touch. Nothing was ever a problem for their team and delivery was superfast.

Retro Traffic

We partner with a large range of businesses to customise seat covers for their fleets...
